

## FOUR EMPLOYEES ASK LEAVE TO GO TO FLORIDA MEET

Four employees of the city and county who have been assigned places on the shooting team from the National Guard, which will leave soon for the matches at Jacksonville, Florida, today sent a request to Capt. W. Redington to ask leave of absence for them at the meeting of the board of supervisors tonight. Capt. Redington has consented to take up the matter and probably will send a letter to the supervisors at once.

The four employees are Capt. H. Von Gieson, J. Kekahuna, Sgt. John Stone and Lieut. George Baker. Von Gieson is deputy clerk in the office of County Clerk Hialeakalani, Kekahuna is the well known driver of Mayor Lane's automobile, Stone hauls garbage two weeks out of each month for the city, and Baker serves as clerk in the waterworks department. The four men expect to be absent about six weeks.

Firing through a drizzling rain, with high winds interfering at the longer distances, the National Guard's picked rifle team made several good scores at shorter ranges yesterday on the Fort Shafter range.

Three "possibles" were achieved. By Corp. John Searle, 50 out of 50 at 200 yards rapid fire; 2nd Lieut. Cunningham and Sgt. Thomas Evans scoring 50 out of 50 at 300 yards rapid fire.

With a score of 279, Sgt. George Deane of M Company, the Hilo troop, made a good record yesterday. That it was his first shot on the Fort Shafter range. He is believed to have a good chance to become one of the team's 12 members.

September 22 the team will leave for Jacksonville, Florida, to participate in the national rifle shooting competitions.

## BRIGHT'S DISEASE

We proclaim this new FACT IN PHYSICS—Influence the renal tract with an agent that opposes renal granulation and degeneration and urinalysis will, in many cases, within 20 days begin to show diminishing albuminuria in Bright's disease.

The prescription counter having been without an agent to diminish albuminuria (see Tyson page 155) the importance of an Anti-Albuminuria is paramount and manifest.

That albumen can be reduced and that many of those succumbing to Bright's disease can have lives prolonged to other terminations has been established by urinalysis, and confirmed by disappearing symptoms in several thousand cases many involving dropsy and some, tapping.

The presence of albumen being a PHYSICAL FACT and its disappearance a FACT IN PHYSICS, there is no uncertainty as to the results that have been and are being obtained.

The Anti-Albuminuria (Fulton's Renal Compound) can be had at the Honolulu Drug Co. Ask for pamphlet. Current bulletin of recoveries and rationale mailed on application. John

The Ohio Oil Co. declared the regular quarterly dividend of \$1.25 a share, and an extra dividend of 75 cents a share.

## TWELVE INNING GAME IS CALLED BECAUSE OF DARK

Score Stands 3 to 3 Between  
St. Louis and 1st Infantry  
at Game at Schofield

(Special Star-Bulletin Correspondence)  
SCHOFIELD BARRACKS, Sept. 13.—Some great ball games were staged on the post diamond yesterday afternoon, the second game, between St. Louis and the 1st Infantry, being called on account of darkness after the 12th inning with the score 3 to 3. This was one of the best games ever seen at the big army post.

A change in the schedule brought the All-Army and Field Artillery together for the first game of the double-header. At the end of a very exciting game the All-Army was ahead 9 to 7. On account of a late start and the fact that there was another game to be played the game only went seven innings. St. Louis was to have played the Field Artillery, beginning at 1:30, but did not put in an appearance and, after waiting for some time, it was decided to let the All-Army team, which was on hand ready to play, tackle the wagon soldiers and hold the St. Louis team to play Lieut. Sadtler's aggregation.

Superior Bating Wine Game.  
"Blondy" Williams, pitching for the All-Army, was touched up pretty freely and at the end of the fourth inning the score was 7 to 5 in favor of the artillery. The All-Army team had knocked Burnett out of the box in the third and Moore, who relieved him, was too wild to pitch more than one inning, so that Stoll, who had pitched the day before, was called upon to finish the game. Stoll was an easy mark for the visitors and they took seven hits from him in three innings, winning the game 9 to 7.

Following is the score: R. H. E.  
All-Army.....0 0 4 1 3 0—9 7 1  
1st Inf.....1 1 1 4 0 0—7 7 3  
Batteries—All-Army: Williams and Sauer; Field Artillery: Burnett, Moore, Stoll and Fouguetto. Struck out by Burnett, 2; by Stoll, 6; by Williams, 10. Base on balls, off Williams, 2; home run, Hundley; three-base hit, Mangum; two-base hits, Mangum, Fouguetto, Norris; double play, Norris to Garber. Umpires, Collins and Hollingsworth.

York vs. Joy.  
The second game was a great pitchers' battle between Barney Joy for St. Louis and "Lefty" York for the 1st Infantry. Both teams played a superb fielding game and held the large crowd thrilled with excitement long after the sun had set. York, the umpire in chief, could hardly distinguish a ball from a strike, and the game was called a tie at the end of the 12th inning, with the score 3 to 3. Swan Makes Record Hit.

It looked as though St. Louis had the game sewed up in the sixth when Swan connected with one of York's speedy ones and drove the ball over the left field fence for the longest hit on record at Schofield's new ball park. Swan completed the circuit and drove in another run ahead of him.

In the eighth St. Louis scored another run, and the fans gave up all hope for the 1st Infantry.

In the last half of the eighth, however, the Castner doughboys took a brace, connected with a few of Joy's pet slants and tied the score. The joy of the 1st Infantry rooters knew no bounds.

In the ninth and tenth both teams were out in short order. In the eleventh, with two strikes on Stratton Joy tossed him an easy one which went sailing into deep center. Stratton was almost rounding third when Lang Akana got his hands on the ball, and the crowd started to leave the park, thinking the game was over. But Akana's peg was wonderfully swift and accurate and nailed Stratton at the plate.

Another inning was played without any semblance of a run for either team, and the game had to be called on account of darkness.

Following is the score: R. H. E.  
St. Louis.....0 0 0 0 2 0 1 0 0 0—3 7 4  
1st Infantry.....0 0 0 0 0 0 3 0 0 0—3 8 2  
Batteries—For St. Louis, Joy and Franco; for the 1st Infantry, York and Gallagher. Struck out by Joy, 5; by York, 1; bases on balls, off Joy, 2, off York, 1; wild pitch, Joy; passed ball, Gallagher; home run, Swan; three-base hit, Stratton; two-base hit, Swan; singles, 1st Infantry, Judd, Heston, Sadtler, Gallagher, Lechman, Wheeler, Stratton; St. Louis, Chillingworth, Argabrite, Akana, Nye, Johnson; sacrifice hits, Maddess, Leckman, Argabrite, Akana. Umpires, Collins and Hollingsworth.

## HAWAII'S NEED IS FOR TEACHERS WHO HAVE BEEN TRAINED AT HOME

Difference Between Islands and  
Mainland is Great, Declares  
Supt. Henry W. Kinney

"Hawaii-trained teachers; that is, persons who are trained for the teaching profession right here in Honolulu, is what the department of public instruction both needs and wants," said Supt. Henry W. Kinney today, and for the reasons outlined by the superintendent, the department is going to do considerable booting toward securing an increased enrollment at the Territorial Normal School this year.

There is somewhat of a difference between teaching school in Hawaii and on the mainland, Mr. Kinney declares, and for this reason he believes that persons who are trained in the local normal school finish unusually well qualified for the local work.

"For these reasons, I would like to see the capacity of the normal school doubled this year," the superintendent added.

When the public schools closed for the summer vacation last June, 144 men and women were enrolled in the normal school, being trained for the teaching profession. The school opened for the new year today, and the department is looking forward to a substantial gain over the attendance of last year.

Vocational work and domestic science will be featured extensively at the normal this year. Harlan Roberts, who was at the Lahaina (Mau) school for about 10 years, will be in charge of the carpenter work. He takes the place of E. Allen Creevey, who has been detailed to Kauai for vocational work.

The school kitchen, which serves appetizing lunches for five cents each, will be reopened this year.

The teaching staff will be as follows:

Edgar Wood, principal.  
Normal—Miss Ida M. Ziegler, Mrs. Lilla G. Marshall, Miss Ida G. MacDonald, Miss Ruth C. Shaw, Miss Ada S. Varney, Miss Letitia M. Morgan, Miss Marion D. Dean, Jane M. Ostrom, Harlan Roberts, Miss Anne Van Schalk, Miss May T. Kluegel, William Melnecks, Mrs. Mary A. Schmidt, Miss Hedwig S. Ostrom.

Normal practice—Miss Margaret M. Shaw, Miss Frances M. Ostrom, Miss Lorna H. Jarrett, Miss Jessie L. Deems, Miss Gladys Rickard, Miss Charlotte B. Betts, Miss Helen G. Pratt, Miss Maude Drake.

Fifty persons from private schools in the territory already have enrolled for the coming year. This is in addition to the permanent enrollment of 144. It is expected that about 50 or 60 local persons will enroll.

**'PETE' KANAI PAINTS BANISTERS;  
BOTTS SAVES \$101 OF CITY CASH**

The steel banister of the stairway in the city hall has just received a coat of green paint, and incidentally the city has been saved a large amount of money by the purchasing department.

"Pete" Kanai, general messenger and handy man around the municipal offices, having trudged up and down the stairs for a long while, and viewed in the meantime the brown stained scars of many a poorly aimed quid of tobacco, conceived the idea that the stairway should be given a more sanitary and tidy appearance.

Pete's convictions grew as he heard tales of the improvements going on at the territorial capitol, and pondering over them, he went out in search of a contractor in paints. He found one who for the modest sum of \$104 would come with ladders, buckets and all the needed paraphernalia. Pete was just in the act of telling the contractor to come to the job, when the thought occurred that it might be well to consult the purchasing agent on the subject.

E. J. Botts, head of the purchasing department, sat bolt upright in his chair when Pete consulted him and named the price. "It was as startled," says Mr. Botts, "as I was that morning I got that anonymous piece of hardware through the mail."

Botts remembered, luckily, that he had seen Mr. Kanai about the building a good bit with time hanging heavily on his hands, and he offered a suggestion. "Send 'Pete'," he said, "that you get in the way of that work of your own accord, just to see how much we can save the city."

Pete agreed in his own good natured way, and Mr. Botts issued orders from the purchasing department for green paint. The paint cost us exactly three dollars," says Botts, "and Pete and the two prisoners who work regularly about the city hall did the work for nothing."

All of which means that the city saved exactly \$101 on the deal, and Peter Kanai is thinking seriously of starting a paint shop of his own.

## CITY HALL WOULD HANDLE MEETING IF CITY HAD ONE

"All of this excitement which has been aroused by the search of the charter convention for a home and funds to live upon," says Mayor Lane, "even if it does nothing else, will surely lead the people of Honolulu to a realization that we need a city hall large enough to take care of just such bodies as this when they are called together."

Though the mayor has not said much about it lately, he is of the opinion that one of the greatest needs of the city is a city hall of modern design, and large enough to accommodate the work of the municipality.

"As soon as the new federal building becomes a reality," says the mayor, "and the postoffice has been moved into it, I see no reason why the present postoffice building should not be remodeled into a fine new city hall."

Mayor Lane is still very much of the opinion that the city should appropriate money to pay for the convention. "When the attorney-general has decided that the money should not come from the contingent fund of the territory," he says, "I see no reason why any sensible citizen should raise objection to the supervisors going over the decision of the city and county attorney and voting an appropriation large enough to pay for this convention."

"The convention itself," continues the mayor, "is a good thing, and I consider it a matter of policy for us to pay for it. It is a shame to let a body of this sort struggle about like a band of orphans without a home."

## MATSONIA A TREASURE SHIP

loaded with a wealth of good eatables consigned to Henry May & Co. There's fresh California fruits and vegetables; there's Puritan creamery butter, and there's boiled ham, smoked beef, knackwurst, blood tongue, Polish sausage, bratwurst, Ashland ham, smoked tongue, liver loaf and an assortment of cheese in foil, tin and glass for the delicatessen counter.
